## GROUNDING THE WARSHIP.

Navigation Officer of the Rhode Island Loses Ten Numbers.

Washington, June 19.—Secretary Bonaparte has completed his review of the case of Lieutenant Commander Edward T. Witherspoon, United States navy, the navigating officer of the battleship Rhode Island, who was tried by court martial in connection with the recent grounding of the vessel. Commander Witherspoon guilty of the several charges and sentenced him to lose ten numbers in his grade and to be publicly reprimanded by the secretary of the navy. The secretary approved the proceedings, findings and sentence of the court, but remitted that portion of the sentence involving a public reprimand.

## ALLEGED SWINDLERS CLUTCHED BY THE LAW

Guthrie, Okla., June 19.—Further investigation of the "Oklahoma and Texas land company," an alleged fraudulent concern which is said to have swindled extensively throughout the southwest by advertising for agents and requiring them to take stock, has resulted in the arrest of L. W. Hagg at Amarillo, Texas, and A. B. Guffey at Russell, N. M., said to have been associated with W. L. Gibbs, Oklahoma City, who, as the head of the company, was arrested last night by United States Marshal Abner and Post-office Inspector Kneiss.

## SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Jowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

## ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each."

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured. For I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905."

Complete External and Internal Treatment for Every Eruption, from Pimples to Scalds, from Itchiness to Aps, consisting of Cuticura Soap, 25c, Ointment, 50c, Resolvent, 50c. In form of Chocolate, 50c. A single net often cures. Putter Drug & Chem. Corp., Sole Props., Boston, Mass. See Mailed Free, "How to Cure for Skin, Scalds, and Itch."

## H. GREEN LEAVES SALT LAKE ROUTE

Resigns as Chief Clerk in Passenger Department to Take Position With L. V. & T.

## OTHER CHANGES ARE MADE

MOFFATT ROAD AND UNION PACIFIC IN BUILDING RACE.

News of the resignation of Harry Green, chief clerk in the passenger department of the Salt Lake Route at Los Angeles, was received in Salt Lake with interest. Mr. Green is well known here among the railroad boys but his acquaintance is not confined entirely to railroad work. He resigned to become general freight and passenger agent of the Las Vegas & Tonopah. He will have headquarters in the Pacific Electric building, Los Angeles, where the offices of the Salt Lake Route are also located. Mr. Green will make a trip over the territory covered by the Las Vegas & Tonopah to familiarize himself with his new duties. Mr. Green's career in railroad circles extends over twenty-three years and has afforded him an acquaintance with the railroad men and conditions in many localities of the United States and Mexico. He commenced railroad work in the telegraph department of the Chicago & Northwestern in Racine, Wis. He later went to Milwaukee for the same road. His next position was traveling passenger agent for the Grand Trunk at Chicago. Spending a year in this position he was appointed rate clerk in the freight department of the same road. During the next two years he climbed higher, being employed by the Union Pacific, Santa Fe and Michigan Central.

With Road Since 1904.

In 1904 Mr. Green went to the City of Mexico as chief clerk in the passenger department of the Mexican National. He was afterward appointed assistant general passenger agent. In 1905 he accepted a position as general agent of the Mexican Central in the City of Mexico. In 1906 he went to the Southern Pacific as chief rate clerk at Houston, Tex. In September, 1906, he went to the Salt Lake Route as chief clerk in the passenger department of that road up to the time of his resignation.

Other Changes Made.

Mr. Green's resignation necessitates several changes in the passenger department of the Salt Lake Route in Los Angeles. C. B. F. Lincoln will succeed Mr. Green as chief clerk of ticket accounts in the passenger department, will succeed Mr. Lincoln as rate clerk. S. C. Nelson, private clerk to General Passenger Agent T. C. Peck will resign on July 1 to be Mr. Green's chief clerk.

Union Pacific and Moffatt Road Race to Rout Country.

Routt county, Colorado, is the scene of a railroad race between Moffatt and Union Pacific forces. Both roads are determined to have a line into that region and at present it is a blind man's view when a choice of winner is considered. Prominent Union Pacific officials entered Routt county by stage some weeks ago from Laramie, Wyo., and dropped in at Hayden and Craig to look the situation over. Their visit was unheralded and kept as quiet as possible. The Moffatt officials heard of the visit and General Manager W. A. Denel and other officials hurried into Routt county and commenced preparations to put larger surveying and grading gangs to work at once. The Moffatt line will be rushed westward from Gore canyon. The Union Pacific, it is said, proposes building from Laramie, using the old Muddy pass route mapped out years ago. The belief is held in Colorado that the Moffatt forces will be concentrated on the Routt county line. The track through Gore canyon will be made a secondary importance. Both roads are anxious to reach the new coal regions. With the completion of a line into the coal territory the Moffatt road will afford Denver a direct railroad connection with the deposits. The large fields promise an adequate supply of coal for years, and as the Moffatt road was headed that way, unusual energy will be expended toward clinching the deposits. Work on the road is being pushed toward Steamboat Springs, to permit supplies being hauled as far as possible.

GRAZING SEASON OPENS.

Heavy Movement of Livestock Starts From Utah.

The movement of Utah live stock to grazing pastures has commenced and all agents are busy gathering cars. The movement is directed to Colorado. The Rio Grande has handled over 100 cars in round numbers 2,200 head of sheep. During the next few days nearly 300 cars will be moved, running the total up to 2,500. The Oregon Short Line has already handled at least 150 cars of sheep. The stock is gathered from ranches in Oregon and Idaho as well as Utah. The Salt Lake Route will load 200 cars of cattle at Moffatt, Lund and Mona this week. These will go to California ranches. Manager R. J. Ryan of the Southern Packing company and Manager H. S. Stevenson of the Chino company, both California firms, are here to buy more cattle. The stock is taken to pastures in California where it is fed for a few months and a ready market for local stock is open in that state.

SLAYERS OF KELLNER ARRAIGNED IN COURT

San Francisco, June 19.—George L. Hammer, port captain of the steam schooner National City, Joseph R. Hubbard, Fred Martin and Daniel Cahill, sailors on board the same vessel, appeared for arraignment in police court today. On the docket the "four are charged with the killing of Andrew Kellner, a union seaman, and the wounding of John Peterson, Andrew Hansen and Holger Borgensen, but no formal complaints have been sworn to against the accused men as yet. They were simply indicted as to their legal rights and the cases were continued until next Thursday morning, to be set finally for preliminary hearing.

MRS. WATSON IN JAIL.

Convicted Woman Made No Effort to Secure Bail.

Portland, Ore., June 19.—Mrs. Emma Watson, who was convicted in connection with the land fraud exposed in this state and who is also under indictment in connection with the alleged frauds was brought to this city today from Oakland, Cal., by one of her bondsmen and surrendered to the United States Marshal. Mrs. Watson was under bonds in the amount of \$25,000 of which sum \$4,000 was guaranteed by Benjamin Sweet of Wisconsin. Mrs. Watson was committed to jail and apparently is making no effort to secure new bondsmen.

## BENSON AND HYDE FRAUDS

Complaint in Suit to Set Aside Patents to Parcels of Land in Idaho.

Oakland, Cal., June 19.—Summons and copies of a complaint in a new suit just begun in the United States circuit court and for the state of Idaho, wherein the United States appears as plaintiff, were served last night and this morning on a dozen defendants residing in California, among others Mrs. Mollie Konklin of Berkeley. The federal government seeks by this suit to set aside patents to a lot of lands in Idaho alleged to have been obtained by Frederick Hilde, John Benson and others through fraud. The complaint alleges that these men used many of the other defendants in making locations, using their names without authority, and in some instances using fictitious names. The papers are being served by United States Deputy Marshal Shine, and the defendants included in the suit are: Frederick Hyde, John A. Benson, F. A. Hyde & Co., Mollie Konklin, Emily M. Reddy, C. E. Glover, Asher Davis, Jacob Goldberger, Nathaniel B. Frisbie, Edward G. Frisbie, E. B. Weirick, personally and as trustee; Payette Lumber & Manufacturing company, a Minnesota concern.

## COMMITTEE AGAIN DEFIED

William Nelson Cromwell Flatly Refuses to Answer Questions Asked.

Washington, June 19.—In defiance of the order of the senate committee on inter-oceanic canals to answer certain questions propounded to him in the investigation of isthmian canal affairs, William Nelson Cromwell repeated his refusal today. He stated that the questions involved confidential relations with his client, the New Panama Canal company. The questions were read to him by Senator Morgan and when the first one was asked which concerned the first work he did for the Panama Canal company in America, the witness calmly took from his pocket a brief prepared statement which he proceeded to read. He stated that his knowledge of the subject under discussion was derived in the course of his professional employment and that he must decline to disclose the interests of his employer concerning any private business matters. In refusing he said he did so with the profoundest respect for the committee.

After going over the previous record at some length in order to give the witness another opportunity to answer the committee adjourned until next Tuesday without having considered the record.

IDAHO FALLS VOTES BONDS.

Idaho Falls, Idaho, June 19.—In spite of bitter and hard fought opposition the people of this city today voted bonds in the sum of forty-seven thousand for building a municipal light and water plant.

ACCEPTANCE IS CERTAIN.

## HAVE NO FAITH IN GOVERNMENT

Belief General That Czar's Ministers Intend to Dissolve Parliament.

St. Petersburg, June 19.—In spite of the government's left-handed denial that it intends to order a parliamentary recess, the Rosh today expressed the fear that a coup d'etat is imminent and appealed to the country to make its voice heard in favor of the dismissal of the ministry and a prolongation of the existence of parliament. An official denial has been given out of the report that the members of the ministry participated in the sessions of the Trepoff star chamber at Peterhof, which it is understood has absolutely decided that parliament must be got rid of and is only hesitating in regard to the method.

Three Methods.

First, to order a recess of parliament for three months.

Second, to dissolve parliament and order new elections based on universal suffrage, in the hope that the temper of the parliament thus elected will be different from that of the present body.

Third, to declare the council of the empire, or upper house, the representative body until a new parliament is elected.

There are two features of the situation which make the court camarilla pause—the early necessity for more money and the dismay over the growing disaffection of the troops.

## SPECIAL TERM CALLED TO TRY TOBACCO CASES

New York, June 19.—Announcement was made today that a special term of the criminal branch of the United States circuit court had been arranged to try the sugar rebate cases and the indictments returned Monday against the two presidents and subsidiary corporations of the so-called tobacco trust for an alleged violation of the Sherman anti-trust law. The special term was called before Judge Holt in the United States circuit court, who adjourned it until June 29.

OFFICERS ELECTED.

Philadelphia, June 19.—The National League of Republican clubs today elected the following officers: President, General E. A. McAlpin, New York. Vice-president, H. H. Myers, Little Rock, Ark. Secretary, Chauncey Dewey, Hamilton, Ohio. Treasurer, W. G. Porter, South Dakota. The selection of the next place of meeting was left to the executive committee.

## ERNEST DENICKE SET FREE

No Crime Was Committed When the San Francisco Looter Was Killed.

San Francisco, June 19.—Ernest H. Denicke, a prominent young clubman, son of E. A. Denicke, the millionaire banker, and graduate of the state university, who on the 20th of last April killed an unknown man on the water front, was dismissed by Police Judge Shortall today. The defendant was moved to tears when he realized that he was free and his aged father thanked the magistrate in open court for the dismissal of the accusation under which his boy had rested. In giving his judgment in the case, Judge Shortall said: "Ernest H. Denicke, you have done your duty. To the last day of your life you will probably regret the necessity that compelled you to take a human life. My mind was made up when this case was finally submitted and I have found no reason to change my opinion. You have committed no crime under the law and I can do nothing but direct a dismissal of the charge against you."

Denicke shot his victim during the progress of the San Francisco fire, and the defense was that the killing was justified on account of the fact that the victim was a looter who had wrested a weapon from a marine who was on guard duty. Subsequently the victim of the shooting died and his body, weighted with scrap-iron, was thrown into the bay.

## FAVOR PURE WHISKY.

Resolution Passed by Kentucky Distillers' Association.

Louisville, Ky., June 19.—The executive committee of the Kentucky Distillers' association today adopted the following resolution and ordered its communication to the national house committee having charge of the pure food bill:

"Resolved, That the Kentucky Distillers' association, comprised as it is of the bona fide distillers and bottlers in bond, does now, and has always, earnestly favored the pure food bill, and heartily condemns the mislabeling, misbranding or adulteration of whisky or any other food products. This association is not in sympathy with the alleged efforts of a national wholesale association to defeat the pure food bill."

This action was taken to correct an impression that the Kentucky Distillers' association was opposed to the pure food bill.

NEGRO VOTES RESTRICTED.

Baton Rouge, La., June 19.—A primary election bill containing a provision which is intended to restrict the voting of negroes at the primaries was passed late last night by the state senate by a vote of 28 to 3. The house has already passed the bill, but as the negro restrictive clause was inserted by the senate the bill will go back to the house for conference.

## UNCLE SAM WILL DEPOSIT MONEY

San Francisco Will Get \$12,000,000 in Exchange for Bonds of the City.

## REACH TACIT AGREEMENT

AMOUNT CAN BE CALLED FOR WHEN NEEDED.

Washington, June 19.—A tacit agreement was reached today by the president, Secretary Shaw and the delegation of representative citizens of San Francisco by which substantial aid will be given San Francisco by the government. It is proposed that the United States treasury deposit with the San Francisco banks \$12,000,000 of government money, with bonds of the city as security for the deposit. The money to remain with the banks until such time as the government shall call for it. This may not be for a number of years, so that the banks have practical assurance that they may retain the deposit for such a period as will be of value in the reconstruction of the city.

Secretary Can Act.

Under the law, the secretary of the treasury has authority to deposit government funds in this way. He cannot, of course, bind his successor to leave the money on deposit but he himself may leave it there until it is needed by the government. It is proposed in California to organize a corporation with a capital of several millions of dollars, composed of prominent and influential men throughout the state of California and other states, and to issue bonds to guarantee the government against loss through the banks.

Other plans have been suggested for the raising of money to enable the people of San Francisco to rebuild their homes and business houses, but thus far nothing has been proposed that will meet the ideas of congress.

Called on Roosevelt.

Franklin K. Lane and Judge W. V. Morrow of San Francisco, headed the San Francisco delegation which called on President Roosevelt today. They told him it was important that the banks would have assurance that the government money deposited with them could remain there for several years. With the assurance of the secretary of the treasury that he will leave the money with the banks for a period of time, it is expected that the banks will purchase the city bonds to be used as security for the government deposits, thus releasing government bonds now held for a similar purpose.

IOWA DROUTH BROKEN.

Des Moines, Iowa, June 19.—There was a heavy down-pour of rain in Iowa today. Reports from the various parts of the state indicate a fall of nearly two inches since yesterday, effectually breaking the drouth.

## FAINTING SPELLS

Cured by Dr. Williams' Pink Pills, the Remedy Which Actually Makes New Blood.

Anemia makes the patient short of breath so that there is often a sense of suffocation, sometimes there is a cough and the sufferer seems to be going into consumption, at others there is a murmur of the heart and heart disease is feared. In the following case severe fainting spells were an alarming symptom resulting from "too little blood."

Mrs. George Forrester, of 7 Curtis street, Watertown, N.Y., says: "Some time ago I took a heavy cold and it left me in a very weak condition. I became worse and worse until finally I had anemia. I lost flesh and appetite, had no color and was subject to fainting spells. Sometimes they would attack me suddenly and I would fall to the floor with hardly any warning."

"I had one of our best physicians, but after he had been attending me about a month without any improvement in my condition, I decided to see what Dr. Williams' Pink Pills would do."

"The pills were well known to me for, about two years before, members of my family had taken them with the best results. I soon found that the pills were just what I needed for I soon began to notice an improvement. After I had taken them a while longer I was entirely cured, and we all believe in Dr. Williams' Pink Pills and recommend them highly."

Dr. Williams' Pink Pills actually make new blood. They do that one thing and they do it well. Impoverished blood is deficient in red corpuscles. Dr. Williams' Pink Pills increase the number of these red corpuscles and in this way send health and strength to every tissue.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, post-paid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

# Clean Food

Era

We are inclined to believe that some magazine writers in their anxiety to attract attention to themselves have overstated the case against the meat packers.

We do not sell meat, but believe in fair play, and also in a complete knowledge, by the people, of exactly what they are eating.

We have always printed on each and every pkg. of

# Grape-Nuts

Food

exactly what it is made of, and the scores of visitors who pass through our works every day find the Pure Food Factories as clean and sweet as a maiden's fresh white apron. The food is thoroughly cooked in these factories, from the choicest white wheat and barley, the sweet offering of the fields.

No food on earth gives the same sustaining power from meal to meal as Grape-Nuts.

BECAUSE---

The starchy parts of the wheat and barley are changed by moisture and heat to a form of sugar required by the human system and almost immediately absorbed without stress to the digestive machinery. And, again, the certain elements in these grains are incorporated to insure rebuilding of the soft gray matter in the brain and nerve centres to fit one for the wearing work of the day. A dish of Grape-Nuts and Cream at each meal supplies the GO and you can feel it in a way that leaves no question. It is not stimulation, but simply scientific feeding.

"There's a Reason."
